

It's Earth Day

Earth Day was celebrated at Noor-e-Sehar Special Education School on 28th April 2025 with full enthusiasm and excitement. The event aimed to raise awareness among students about the importance of caring for our planet and making sustainable choices for a better future.

Students from all departments participated in a variety of engaging and educational activities. The celebration began with a cleanliness drive where students and staff joined hands to clean and beautify the school surroundings. This was followed by a tableau performance, highlighting the wonders of nature and the harmful effects of pollution.

A motivational speech on protecting our Earth was delivered by a student, emphasizing our collective responsibility toward the environment. One of the event's highlights was a beautiful vertical garden and a vibrant awareness walk was organized, where students proudly marched with colorful posters, banners, and eco-friendly crafts they had prepared themselves.

After the performances, Sohaib Afridi, HSE Officer from Mari Energies delivered an inspiring talk on the significance of Earth Day and our role in preserving the planet. Muzaffar Iqbal, HSE Advisor from ME also addressed the students, stressing the importance of maintaining a clean environment so that future generations can benefit from a healthy and thriving Earth.

The Earth Day celebration was a joyful and memorable experience for both students and staff. The event concluded with a collective pledge to keep the environment clean and green, reinforcing the spirit of responsibility and care for our shared home—Earth.
